June 2017 - Year 6 Curriculum Letter Summer 2nd Half Term 2017

Dear Parents,

Welcome back to an exciting last term at St Mary's. Most of our serious work is done and we are now concentrating on our year 6 show. The major parts have been shared out and been given to children who have not had a major role before. We are still in the process of sharing out lines for the minor parts and have been adapting our scripts accordingly. One thing is for sure, everyone will have a lot to do. We will be working hard and are going to enjoy the songs and movements to learn as well as working with one another to produce a show that we will be proud of. There is only a short time so I am hoping for your support to encourage your children to learn all the songs and the lines they are given (everyone has a script to help them) and the songs can be found on YouTube. Furthermore we have planned a couple of day trips and exciting activities.

We will also spend some time thinking about our transition into secondary school and discuss issues we may face and how to deal with it in order to have a successful start in our new schools. Then it will be time to say good bye with a final church leavers' service.

Let us enjoy this last part of our primary school journey!

Following the SATs the children will continue to work on general maths skills in order to ensure that they retain what has been learned in readiness for secondary school.

In English we will use our play as a starting point, reading it, discussing the meaning and focussing on oral presentations including gestures and facial expressions.

In Science we will carry on with our topic about Humans including sex education and healthy living.

In RE, the children will explore the following questions about Christianity:

- What might god be like and what do Christians believe about god?
- How do humans exercise responsibility for the environment?
- What do Christians believe about the relationship between humans, their environment and other living creatures?

In PSHE the children are currently exploring questions about transition and moving on to secondary school.

As always, if you have any questions, please don't hesitate to ask!

Kind regards,
Mrs Dobbs
